UNITED STATES DEPARTMENT OF AGRICULTURE
OFFICE OF THE SECRETARY
WASHINGTON, D. C.

Bi-1204
April, 1932

REGULATIONS

PERMITTING MOTOR BOATING, FISHING, SKATING, AND OTHER ACTIVITIES
ON DEER FLAT RESERVATION, STATE OF IDAHO

Pursuant to authority contained in section 10 of the migratory-bird conservation act of February 18, 1929 (45 Stat. 1222; U. S. Code, Title 16, Supp. V, sec. 715i); in the act of June 28, 1906, as amended April 15, 1924, to protect wild life and property on Federal reservations (43 Stat. 98; U. S. Code, Title 18, sec. 145); and otherwise, the following regulations for the administration of the Deer Flat Reservation, Idaho, additional to the general regulations adopted May 7, 1930, by the Secretary of Agriculture, for the administration of this and other wild-life reservations, are hereby prescribed to become effective forthwith:

1. Fishing.--Fish may be taken from the Deer Flat Reservoir without permit in compliance with the laws of Idaho.

2. Cutting and removal of fuel, fence posts, and ice.--Willow growths, for use as fuel or for fence posts, and ice may be cut and removed without permit by the water users of the Boise Irrigation Project.

3. Recreational uses.--(a) Motor boats may be operated without permit on the reservoir from sunrise to sunset on any day during the period from May 10 to August 31, inclusive, of each year: Provided, That every motor boat so operated shall be equipped with a muffler of such construction and efficiency as will prevent unnecessary noise while the boat is in operation, and such muffler shall not be cut out or its operation otherwise suspended while the boat is being used, and such boat shall not be operated in any manner that will cause needless or wilful disturbance of waterfowl or other migratory birds: Provided further, That boats shall not be operated at points where wave action will wash or otherwise damage slopes of the reservoir; (b) accustomed areas, with the consent of the Boise Project Board of Control, may be used without permit for picnics, baseball and other athletic sports, and as camp sites; (c) skating will be permitted on the reservoir any day between the hours of sunrise and sunset, if done without disturbance to waterfowl.

4. Artificial lights.--No gas, oil, electric, or other headlight or portable artificial light shall be used on the reservation except

by agents of the State or Federal Government and the Boise Project Board of Control, and by persons within camp sites and recreational areas and on roads leading thereto.

5. Erection and maintenance of buildings.--Except for official use by a Federal or a State governmental agency, or the Boise Project Board of Control, the erection, occupancy, or maintenance of any building within the reservation, except under permit issued by the Chief of the Biological Survey, is prohibited: Provided, That temporary structures, such as tents, may be erected and occupied without permit on areas designated as camp sites.

6. Firearms.--The carrying or possession of firearms of any description within the reservation without permit from Chief of the Biological Survey, other than by agents of the State or Federal Government and the Boise Project Board of Control in performance of official duties, or by government hunters when assigned to the area to control predatory animals, is prohibited, except that these regulations shall not be deemed to prevent the carrying or transportation of firearms over the public highway over the lower dam.

IN TESTIMONY WHEREOF I have hereunto set my hand and caused the official seal of the United States Department of Agriculture to be affixed in the city of Washington, this 13th day of April, 1932.

A handwritten signature in cursive script that appears to read "C. F. Marvin".

Acting Secretary of Agriculture.
